SeeMore Salutes Runner-up At Lorena Ochoa Invitational

Sets Course Record in Final Round; Records Eighth 2008 Top 10 Finish

(Franklin, TN – November 19, 2008) The SeeMore Putter Company salutes the runner-up at the inaugural Lorena Ochoa Invitational, where she set a course record 65 in the final round using a [SeeMore mFGP putter](#).

Her record-setting final round featured eight birdies, including a clutch 40-footer on the 17th hole to move to one shot off the lead. Her second place finish here marked her fifth consecutive top 10 and eighth top 10 of the [2008 season](#).

"We salute this great player on her record-breaking performance in this inaugural Lorena Ochoa Invitational, which featured such a prestigious field," says Jim Grundberg, Co-Owner and Managing Director of SeeMore Putter Company. "It was impressive to see her superior performance here and in her incredible eight top 10 finishes this year.

"With this outstanding 2008, we can only expect a

breakthrough year for her in 2009. We're excited to be part of her ongoing success on the LPGA Tour, and wish her the best of luck for next year," says Grundberg. "Her performance certainly validates the SeeMore putting system and the proprietary and proven Riflelescope Technology alignment system."

The patented [RST alignment system technology](#) allows a golfer to set up the putter perfectly each and every time in relation to the intended target line. This is accomplished by lining up the black bottom portion of the shaft between two white lines and covering a signature red dot on the heel of the top line. The process resembles locking radar onto a target.

SeeMore's newly redesigned [website](#) as many new features including videos about the proprietary SeeMore putting system and its proven and patented RST alignment system as well as news about SeeMore's remarkable legacy and Tour success. SeeMore putters are custom made in Franklin, TN.
